Region of participation	34
Type of property where participated	35
With whom participated	36
Length of travel to facilities	37
Main reason would not participate more often	38
Main reason for lack of time	39
Who should provide facilities	40
Activities most likely to participate in	41
Raising money – first choice	43
Raising money – second choice	44
Raising money – third choice	45
Raising money – summary	46
Hours a day – watching television	47
Hours a day – performing household chores	48
Hours a day – using computer for pleasure	49
Hours a day – shopping for food/clothing	50
Hours a day – talking with family/friends	51
Sunnlements	52

2003 INDIANA OUTDOOR RECREATION PARTICIPATION SURVEY

THE SURVEY MISSION

To provide information about the recreation participation levels and activities of Indiana residents that will assist the Indiana Department of Natural Resources in fulfilling its' goal of providing quality outdoor recreation opportunities.

THE SURVEY

Questionnaire conducted on touch-screen SurveyCenters and by paper intercepts surveys. The questionnaire was 56 questions in length. Respondents were asked to stop and take a survey lasting approximately 8-10 minutes by touching answers on touchscreen computers or by marking answers on paper surveys. The touch screen surveys are automatically recorded by the respondent. The paper intercept surveys were manually entered into the same database. Respondents were chosen on a next available basis. Although those under 17 were not discouraged from participating in the survey, they were

not actively recruited.

This survey is the third such survey conducted in Indiana. Previous surveys were conducted in 1993 and 1998. These surveys have been designed to facilitate trend data on the recreation participation activities of Indiana residents. The data was collected to be valid at the county level. However, the results presented here are at the level of the entire state.

DATA COLLECTION

Data was collected at Wal-Mart, K-Mart stores, county fairs and libraries in the following counties: Allen, Bartholomew, Blackford, Boone, Brown, Cass, Clark, Clay, Clinton, Crawford, Daviess, Dearborn, Decatur, Delaware, Dubois, Elkhart, Fayette, Floyd, Franklin, Gibson, Grant, Greene, Harrison, Hendricks, Henry, Howard, Jackson, Jasper, Jefferson, Jennings, Knox, Kosciusko, Lake, Madison, Marion, Marshall, Miami, Monroe, Montgomery, Orange, Owen, Perry, Porter, Ripley, Rush, St. Joseph, Scott, Shelby, Starke, Sullivan, Switzerland, Tippecanoe, Union, Vanderburgh, Vigo, Washington, Wayne and Whitley. Data was also collected at the 2003 Indiana State Fair, the 2003 Vincennes Rendezvous and the Save-a-Lot in Paoli.

SAMPLE BASE

The number of respondents that started the survey was 7,138. Screening was conducted for those completing questions concerning participation in outdoor recreation resulting in a database of 6,686.

ACCURACY OF STATISTICS

The margin of error for 6,686 respondents is approximately +/- 1.20.

RESULTS TABULATION

Results from the touch screen surveys were automatically recorded by computer as respondents touch the screen. The results from the paper intercept surveys were manually entered into the same database. All results were then manipulated using SPSS Statistical analysis software version 9.0.

READING DATA

When reading the frequency data "Valid Percent" is the percentage of those respondents who answered that particular question and is the percent used in most questions. The "Percent" is based on the total number of respondents that started the survey. The "System Missing" number is based on the number of respondents that started the survey but did not answer that particular question. Those respondents may have dropped out voluntarily or been "treed" out based on previous answers.

MISCELLANEOUS

All information herein is said to be "from those polled" and represents only the above described survey respondents. Please contact the Indiana Department of Natural Resources, Division of Outdoor Recreation (317-232-4070) with questions regarding the results of this survey or for more detailed analysis -- we will be happy to assist.

Frequencies from the Statewide 2003 SCORP Survey Conducted May 2003 through February 2004

How important is outdoor recreation to you?

				Valid	Cumulative
		Frequency	Percent	Percent	Percent
Valid	Essential	3605	54.1	54.1	54.1
	Desirable	2606	39.1	39.1	93.1
	Don't care	382	5.7	5.7	98.9
	Undesirable	75	1.1	1.1	100.0
	Total	6668	100.0	100.0	

Are you . . .

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Male	3344	51.2	51.2	51.2
	Female	3191	48.8	48.8	100.0
	Total	6535	100.0	100.0	

In which age category are you??

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Under11	62	.9	.9	.9
	11 - 17	375	5.6	5.6	6.5
	18 - 24	910	13.6	13.6	20.2
	25 - 34	1193	17.9	17.9	38.0
	35 - 44	1611	24.1	24.1	62.1
	45 - 54	1320	19.8	19.8	81.9
	55 - 64	780	11.7	11.7	93.6
	65 - 74	316	4.7	4.7	98.3
	75 or older	114	1.7	1.7	100.0
	Total	6681	100.0	100.0	

a. Average age 39.8

What is your current marital status?

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Single, never married	1764	26.7	26.7	26.7
	Married	3834	57.9	57.9	84.6
	Divorced	741	11.2	11.2	95.3
	Separated	102	1.5	1.5	97.3
	Widowed	176	2.7	2.7	100.0
	Total	6617	100.0	100.0	

a. Not asked of those under 11 years old

Do you have any children living at home?

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Yes	3054	49.0	49.0	49.()
	No	3179	51.0	51.0	100.0
	Total	6233	100.0	100.0	

a. Not asked of those under 18 years old

Which of the following do you consider yourself to be?

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	White, non Hispanic	5661	84.8	84.8	84.8
	Black/African American	562	8.4	8.4	93.2
	Hispanic/Latino	222	3.3	3.3	96.6
	American Indian/Alaska Native	80	1.2	1.2	97.8
